**ANNOUNCEMENT**

**Profit Warning**

Compared to the corresponding period of 2024, in the First Quarter of 2025 turnover is expected to remain at approximately the same levels, while Operating Profit from usual/existing operations is decreased, mainly due to the increased Administrative Expenses as a result of the expansion of the range of available products in the distribution sector. Profitability, excluding the results of the associated company Demetra Holdings Plc ("Demetra"), is expected to be decreased, mainly due to the increased Administrative Costs.

No safe estimates on final Profitability after Taxation can be provided, due to the unavailability of the necessary information in relation to the expected results of Demetra. The Company will make announcements in due course, once all necessary information is available.
